

# Miau!Miau! L2021

Indigenous Varieties: La..ein 90%, Sch..va

Vineyard	The grapes come from three steep vineyards around the Bolzano basin, mainly pergolas, a small part on Guyot
Soil	Sandy loam soil, relatively shallow, with volcanic origin (porphyry) and quartzite schist
Viticulture	Biodynamic, by hand, without tractor
Vine Age	27 years
Plot size	0,6 ha
Vine Density	3500/ha
Yield	5800 kg/ha
Vintage	2021 was a wonderful growing season with a very early and sunny spring. Flowering at the end of May, high temperatures in July, a humid August and an autumn marked by good weather
Vinification	Spontaneous fermentation in stainless steel, short maceration, bottling in October 2022 with must, second fermentation in the bottle
Maturation	In bottle until March 2022
Bottles	3600
Alcohol	12 %
Residual Sugar	<1,5 g/l
Total SO <sub>2</sub>	20 mg/l
