

# Vino Rosso Leggero L2021

Indigenous grapes: Sch..va 90%, La..in

Vineyard	The grapes come from three steep vineyards around the Bolzano basin, mainly pergolas, a small part on Guyot
Soil	Sandy loam soil, relatively shallow, with volcanic origin (porphyry) and quartzite schist
Viticulture	Biodynamic, by hand, without tractor
Vine Age	42 years
Plot size	0,9 ha
Vine Density	4000/ha
Yield	8000 kg/ha
Vintage	2021 was a wonderful growing season with a very early and sunny spring. Flowering at the end of May, high temperatures in July, a humid August and an autumn marked by good weather
Vinification	Spontaneous fermentation in stainless steel, short maceration, 50% of must fermented with skins from Caroline
Maturation	In oak barrels and stainless steel until March 2022, without fining or filtration
Bottles	6000
Alcohol	11,5 %
Residual Sugar	>1 g/l
Total SO <sub>2</sub>	28 mg/l
