

LAURENC L2018

Indigenous grape: La...in

Vineyard	The vineyard is located on our farm (300 m, northwest) horizontal terrace, Guyot
Soil	Clay and sand of volcanic and morainic origin (porphyry, basalt and granite), very deep and permeable
Viticulture	Biodynamic, by hand, without tractor
Vine Age	19 years
Plot size	0,7 ha
Vine Density	7000/ha
Yield	6000 kg/ha
Vintage	Peculiar! Spring through July was very hot, early and dry, a rainy July to mid-August, leading into a beautiful, fresh autumn
Vinification	Crushing, spontaneous fermentation with 100% of stems in truncated conical vats, 4-week maceration
Maturation	In large, used wooden vats for 24 months, without fining or filtration, bottle aged for 24 months
Bottles	3000
Alcohol	12,5 %
Residual Sugar	<1 g/l
Total SO ₂	41 mg/l
