

GT 2021

Ge..rztra...er

Vineyard	Two steep vineyards in Signat and Laste Bassa at an altitude of 500 m, southwest exposure, horizontal terrace, Guyot
Soil	Sandy loam soil, relatively shallow, with volcanic origin (porphyry) and quartzite schist
Viticulture	Biodynamic, by hand, without tractor
Vine Age	21 years
Plot Size	0,4 ha
Vine Density	7500/ha
Yield	5000 kg/ha
Vintage	An eventful vintage with a beautiful, early spring, very high temperatures through July, a humid August closing with a wonderful autumn
Vinification	Spontaneous fermentation, 5-day maceration in stainless steel with all skins and stems
Maturation	Remaining on the fine lees in chestnut Tonneaux until February, moved to concrete until bottling in November 2021, without fining or filtration
Bottles	2000
Alcohol	12,5 %
Residual Sugar	<1 g/l
Total SO ₂	28 mg/l
